SUMMARY

I am a recent graduate with a solid background in Economics and Business Intelligence (BI). Over the course of my professional endeavors, I have gained expertise in various tools and technologies such as DB2, MongoDB, data warehouse, ETL, Oracle, IBM DataStage, SSIS, SQL, Snowflake, Qlik Sense, and Power BI. Currently, I am gaining valuable experience as a dedicated BI Developer at First International Bank of Israel. I am highly motivated and actively seeking exciting and fulfilling opportunities in the ever-evolving field of Business Intelligence. Leveraging my knowledge in DB2, MongoDB, data warehouse, ETL, and Oracle, I am eager to contribute to driving meaningful insights and enabling informed decision-making within the BI industry.

EXPERIENCE

Business Intelligence Developer at MATAF - Computing and Financial Operations Ltd.
Feb 2022 – *Present*

- Member of dedicated BI Development team, responsible for enhancing efficiency and effectiveness of the company's ETL processes.
- Building ETL workflows with IBM DataStage.
- Expertise in optimizing SQL queries, functions, and database-related code.
- Working with MongoDB, Oracle databases, Snowflake, and Qlik Sense.
- Ensured seamless data integration, analysis, and interpretation for comprehensive insights.

EDUCATION

Experis Academy Israel / 2021 - 2022
Business Intelligence Developer, Data Processing.

The College of Management Academic Studies / 2017 – 2020
Bachelor of Arts in Economics with Honors.

NATIONAL SERVICE

Israeli Employment Service 2015 – 2017
- Facilitating employment opportunities for individuals by offering personalized guidance, leveraging our extensive network and industry expertise to match their skills and aspirations with suitable job prospects.
- Creating a collaborative and united team was essential. This team brought together diverse skills and perspectives to drive success in achieving organizational goals.
- Delivering comprehensive support to visitors at the bureau, ensuring their needs are met through personalized assistance, answering inquiries, and offering guidance on available resources and services.
